

# Allergy Guide

## Welcome to Our Allergy Guide

Your safety and enjoyment are very important to us. This guide has been created to help you make informed choices about the dishes on our menu. It lists the presence of the 14 major allergens, along with other information that may be helpful if you have dietary requirements. While we take great care in preparing your food, please be aware that our kitchen handles all 14 allergens, and we cannot guarantee that any dish is completely free from traces.

If you have an allergy, intolerance, or any specific dietary concern, **please speak to a member of our team before ordering**. They will be happy to guide you through the menu and help ensure you choose a dish that's right for you.

Your well-being is our priority, and we're here to help.
